It may be used for watering gardens or compounds or fields if no nuisance is created thereby or allowed to flow into drains or channels on its having previously been treated sanitarily in any manner required by the Council.

17. In respect of all other matters not specified in this scheme the provisions of the Municipal Act and the rules, by-laws and regulations made thereunder, shall be applicable to this scheme in so far as they are not inconsistent with this scheme.

2. The Falnir Town Planning Scheme area lies to the east of the Railway Station in between the Falnir Road, Sturock Road, the Nandiguda Road and the municipal limits. It covers a major portion of the Survey ward 5 and extends over an area of nearly 390 acres.

Land in the area has been and is being sub-divided or used by owners for residential purposes without making adequate provision for streets and without regard to sanitation, amenity and convenience. The object of the Scheme is to regulate every future development to conform to a plan, to secure proper access to sites and houses and to preserve sufficient open space about houses, to widen existing lanes wherever they are narrow and so on. Proposal is also included in the Scheme to widen the main thoroughfares, e.g., the widening of the Falnir Road to serve as a suitable bypass to the Trunk Road and the widening of Sturock Road and Nandigudda Road in places o sections where they are narrow and inadequate for traffi purposes.

3. The net cost of the scheme is roughly estimated as Rs.53,000 and this is proposed to be met from the betterment income which is expected to be about Rs.4000 per annum. In the initial stage the cost of the works unde the scheme is proposed to be met by a loan from Government.

4. The scheme does not contain any ambitious proposals. It is intended mainly and directly to benefit the present and future inhabitants of the area included wi -in it. It is an important and necessary scheme and it is expected that it would be a successful scheme.

The scheme may be sanctioned by Government.

5. A few minor alterations appear to be necessary in the scheme as noted below;--

Responsible Authority--Clause 3: At the end of this clause add " and shall function as such for a period of 20 years from the date on which the scheme takes effect, unless the Local Government order otherwise."

Levy of Ground-rent:--Clause 8: The amendment suggested in para 2 of the endorsement of the Board of Revenue, Misc.No.875 dated 9-3-36 may be adopted.

Streets--Clause 9: Map No.3 shall be called Map No.4 being the final scheme Map under Rule 48 of the Town Planning Rules. For "Map No.3" wherever used in the scheme enter "Map No.4".

Before the words beginning with "All new and future streets, etc." enter "(a)" and for the latter portion of the clause beginning with "Provided that reasonable modifications etc." and ending with "shall be final," substitute the following:--

"except that reasonable modifications may be adopted by the Council in consultation with the Director".

Section 7 of the Town Planning Act provides only for consultation of the Director of Town Planning on such matters relating to town planning and in such manner as may be prescribed and if any difference arises between the Director and a Council on any matter so prescribed, it shall be referred to the Local Government whose decision shall be final. In view of such specific provision in the Act, the provision made in the clause making the decision of the Director final, seems inconsistent. I wish also to point out to Government that it is necessary for Government to prescribe the matters for consultation with the Director and the manner in which such consultation shall be made by Municipal Councils and to frame necessary rules in this respect under section 44 (2) (a) of the Town Planning Act.

A

In clause 9 (b), under "Name of road"--

for

for "A A8" substitute "AA1 to A7 A8"

do. "G_2 G_4" do. "G_2 G_3 G_4"

do. "P_1 P_1" do. "PP_1"

and omit "Jeppu Road".

Also under "Reference to item No. in the Scheduel III"--

for "40" enter "39"

do. "41" do. "40"

do. "42" do. "41"

and omit the number "43".

Reconstitution proposals--Clause 13 (a) : A time limit has to be specified in a scheme only if proposals for reconstitution of plots are contained in a scheme. No proposals have been actually made in the scheme but nothing prevents submission of proposals to an arbitrator for such reconstitution or redistribution of plots for which a time limit seems nnnecessary. The question of reconstitution of plots may arise at any stage of execution of the scheme or development of land in the area by a private person (Vide sub-clause (b)). The clause may therefore be in general terms as suggested below:--

"Any proposals for reconstitution of lands or plots in the area shall be made to the Arbitrator who shall deal with them in accordance with provisions of the Act and the rules thereunder".

Subdivision of land--Clause 13 (c): The proviso under this clause making the decision of the Director final, to be deleted for the reasons already stated in this note. But I would suggest that the words "which shall" used in line 3 of this clause be substituted by the following:--

"Who shall, after duly consulting the Director".

Elevation of buildings--Clause 15 (b): The latter portion of the clause commencing with "subject however etc" and ending with "shall be final" may be deleted and the following inserted between the words "if they think fit"

and

and the words "which the owners", viz., " or shall cause to be made such alterations in the design, architecture or materials, as the Director may consider necessary".

Clause 15(d) to be modified as below:--

"~~duly~~ only detached or semidetached buildings will be permitted in the area except in parts of the area declared under clause 14 (b) where continuous buildings may be permitted by the responsible authority."

Building line--Clause 15 (b): Between the words "alignment" and "as otherwise" insert the word "except". For the latter part of the clause beginning with "In all other cases etc." and ending with "be ordered", substitute the following:-

"In respect of all other streets it shall be 25 feet from the centre of street unless the responsible authority considers a lesser distance to be necessary but in no case shall the building line be less than 5 feet from the street alignment".

Schedule VI. The details noted in Column 11 of the Schedule to be entered in Column 1 and not in Column 11.

2. The particulars specified in the scheme and the maps and schedules attached to the scheme have been verified by the Tahsildar of Mangalore and the corrections made by him have been noted by the Commissioner.

3. The Municipal Council proposes to dispose of some of the lands acquired or owned by it by sale, auction, exchange, lease or otherwise subject to the payment of the same ground rent or assessment as was levied on them before acquisition -- please see paragraph 8 of the -- scheme. The streets proposed to be opened by it in the rest of the lands, involved in the scheme, will run -- through lands which are either owned by private individuals and will have to be acquired at the cost of the Municiaplity or through Government land which will have to be alienated. The question of ground rent does not thereofre arise for consideration in this case.

4. Schedule 2 of the scheme shows that the Municipal Council proposes to meet the net cost of the scheme -- (Rs. 53,000) by a loan from Government. The scheme is a desirable one, though it cannot yet be seen how far the Municipal Council will be able to carry it through. The main idea of the scheme is the formation of a large -- number of roads to give access to houses. The owners of lands have split up their lands for house sites without making any provision for roads. The land for roads will be purchased from them now and the value of their properties will be increased. The annual income of Rs. 4,000 by betterment contribution is justified on paper, though difficulties may attend its actual collection.

Ref.- Board's Ref.B.No. 4647/35-1 dated 23rd September 1935.

I submit the papers relating to the Falneer Town Planning Scheme after removing all the defects pointed out in paragra 1 of the Board's reference dated 23rd September 1935.

2. Enquiry has been held by me with reference to paragra 2 of the Board's reference; it is found that the proposed construction of the roads will not prove in any way detrimen to the utility of the channel, lane and temple porambokes of which the plots proposed for exclusion form a part; there i no objection to the proposals made. A slight error has been found regarding the notation of one of the plots referred to in paragraph 2 of the Board's reference; T.S. 484/1 has bee found to be a mistake for T.S.No. 484/3. Necessary corrections have been made in the schedules I and VI.

Resolution.-

2. Levy of ground rent - Clause 8 of the Scheme.

The Board sees no reason why full ground-rent should not be levied by the Government on the plots of land specified in this clause after their sale or transfer by the Municipal Council to private parties. It accordingly suggest that this clause might be amended as shown below.-

For the latter portion of the clause beginning with th words, "and subject also to the payment of the same ground rent etc" and ending with the words, "liable to revision at resettlements", substitute the following.-

"and subject also to the payment to the Government of ground rent at Rs. 11-4-0 an acre which will be liable to revision at resettlements".

3. Clause 9(b) of the Scheme.

(i) The name of the road P1P1, shown against item No.26

is apparently a clerical mistake for PP_1.

(ii) The names of the roads specified against items 40 to 43 in this clause do not agree with those given in Schedule III.

(iii) "Jeppu Road" shown as item No. 43 is not mentioned at all in Schedule III.

Subject: Town Planning — Mangalore Ml. cl. — Draft Scheme — Submitted for sanction

pp 12-18 CF Ref: This Scheme was called for vide G.O. No. 352 P.H. dated 14-2-1928 and it has now been submitted to Govt. through the Collector, the Board of Revenue and the D.T.P, for sanction under Sec. 14(3) of the T.P. Act. The fact of submission of the Scheme to Govt. has been published in the prescribed manner on the

pp 19-20 CF notice board of the Ml. Office and in the District Gazette on 20.4.35 (20.4.35) reprinted in May

Vide Rule 46 of T.P. Rules (G.O. 3 p 1928) the period for receiving objections viz. one month from the date of publication in the Dt. Gazette has already elapsed and no objections or suggestions have been received, the examination of the Scheme may now be taken up.

pp 7-8 CF & pp 12-18 CF The Board of Revenue has suggested certain amendments to cl. 8 of the Scheme, with regard to the levy of ground rent and the suggestions have been embodied in the Scheme. The corrections (vide cl. 9(h)) suggested by the Board at pp-7-8 CF, have also been carried out. The remarks & suggestions of the D.T.P. on pages 1-4 CF, have been examined and they may be accepted. Necessary modifications have

have been made in the Scheme, in the light of the Dist. R's remarks & suggestions. The D.C.P. will be asked to address Govt separately regarding this suggestion at A on p 2 of

3. Financial position. The net cost of the Scheme is estimated roughly at Rs 53,000 and this is proposed to be met by the Council ultimately from the expected betterment income of Rs 4000 per annum. Govt, in the initial stage, will also propose to meet the net cost of the Scheme by a loan from Govt. The Coll. in his remarks at page 6 C/F, para 4 · p 6 C/F expresses doubt regarding the ability of the Council to carry out the Scheme though he admits that the Scheme is a desirable one. At the same time as much as an annual income of about Rs. 4000 is expected to be derived by the Cl. by way of betterment contribution, the Council may be in a position to pay off in due course the proposed loan from Govt. The Scheme may therefore be sanctioned. subject to examination by the finance sub-committee of the draft order is submitted below for approval and it may be sent to Revenue & Legal Depts. for acceptance of the terms with Memo and thereafter R.P. scheme. 29-12-36 (3) P 3 d.

Out of the three agreements for lands besides the present one mentioned above, three more schemes are pending with Govt. The cost of each scheme

is specified in the Statement at B
below. The Cl had on hand (in 1935-36) a
surplus over Rs 4000. The question
whether the Cl can take up all
the Schemes at a stretch is examined
below.

Progress report (M)

6. The ordinary receipts of the Council under the general sect. may be expected to exceed the ordinary expenditure by about Rs 24,000 per annum. With this surplus the Cl. may safely borrow Rs 3 lakhs repayable in 20 years, the annuity at the current rate of interest viz 3¼ % per annum being Rs 20,634. It has already been proposed to give to the Cl a loan of Rs 1½ lakhs (Rs 1 lakh in the current year and the rest in 1937-38) for road works. The maximum amount of loan which the Cl. may therefore safely borrow for other purposes should be restricted to Rs 1½ lakhs. In the circumstances the Cl (will not be able to take up all the T.P. schemes at a stretch, the cost involved being Rs 2·4 lakhs. It may be advised to take up as many planning schemes as it can finance with a loan of Rs 1·5 lakhs. The Cl. will

will be able to borrow more funds when the anticipated betterment income in respect of the schemes put into execution begins to be realized & the remaining schemes can then be taken up.

The two schemes already sanctioned & the present Palmer Scheme alone involve a cost in round figures Rs 1·37 lakhs of the loan of 0.41 lakhs available in the T.P. fund is taken into account about 0.96 lakhs will have to be borrowed. The annuity on such a loan of this amount can as shown above be easily met from the Rs surplus.

16. All sullage water in a site shall be disposed of in such a way as to prevent it from running on to or stagnating on adjacent streets or lanes. It may be used for watering gardens or compounds or fields if no nuisance is created thereby or allowed to flow into drains or channels on its having previously been treated sanitarily in any manner required by the Council.

17. In respect of all other matters not specified in this scheme the provisions of the Municipal Act and the rules, by-laws and regulations made thereunder, shall be applicable to this scheme in so far as they are not inconsistent with this scheme.

18. Claims for compensation under section 20 of the Act shall be made within twelve months of the date of this scheme. Any claim which may have been received by the Responsible Authority pending the appointment of Arbitrator shall be transferred to the Arbitrator for disposal immediately on his appointment.

19. The Responsible Authority may make any agreement with any person or body in furtherance of the carrying out of the scheme or any matters connected therewith provided that such agreement is not inconsistent with the scheme.

20. Housing schemes may be undertaken by the Responsible Authority without prejudice to the scheme, subject to the previous sanction of the Government.

22. (i) The Responsible Authority shall submit to the Arbitrator claims for betterment contribution within twelve months of the date on which this scheme takes effect. The contribution shall be leviable annually at 7½ per cent of the increase in value of a period of twenty years.

(ii) Whenever the owner has been required to leave or has voluntarily left lane for roads that are proposed to be constructed by the Responsible Authority in the area, the Council shall levy such portion of betterment contribution or forego its claims entirely as may be reasonably decided, provided that the party may make an appeal in case of disagreement to the Government, whose decision shall be final.

23. Any person who commits or knowingly permits a breach of any of the provisions of this scheme or who neglects or fails to comply with any such provision shall on conviction be punishable under section 44-B of the Act.
